

A001-XFR-2026-09 / DRAFT

A-001 Cross-Functional Risk Register - Draft

A-001 | Cooling Water Pump | Enterprise Asset Reliability Training Scenario

Document ID	A001-XFR-2026-09	Version	0.8-draft
Status	DRAFT	Effective / Issue Date	2026-09-11
Owner	Cross-Functional Review Team	Asset	A-001
Location	Utilities Area - Bay 3	Data Class	Synthetic / Training

TRAINING NOTICE: This fictional document is designed only for AI/RAG, analytics and governance training. It is not an engineering instruction and must not be used on real equipment.

1. Draft Purpose

This draft consolidates reliability, maintenance, finance, IT and vendor risks into one working register for discussion. Because the document is DRAFT, it must not replace approved source documents or be treated as final authority.

2. Consolidated Draft Risks

Area	Draft Risk	Proposed Owner	Draft Priority
Reliability	Condition evidence remains incomplete	Reliability	High
Maintenance	Open work-order scope delays planning	Maintenance	High
Finance	Planning estimate is mistaken for approved funding	Finance	Medium
IT / Data	Authority metadata is omitted during retrieval	IT / Data	High
Vendor	Indicative lead time is treated as committed delivery	Vendor Mgmt	Medium
Governance	Draft content is surfaced as current guidance	Governance	High

3. Proposed Actions - Not Approved

- Create a single evidence checklist that references the approved inspection procedure.
- Require every RAG answer to expose document status and source date.
- Reconcile vendor and finance assumptions before schedule commitments.
- Close or explicitly transfer ownership of open risk items before project close-out.

4. Authority Warning

This draft is intentionally designed for governance training. A retrieval system may rank this document highly because it consolidates many relevant terms. However, its DRAFT status means it is not a substitute for approved policy, procedure or signed functional assessments.

5. Source Documents Referenced

Source	Status
REL-POL-001	APPROVED
A001-PROC-INS-001-V2	APPROVED
A001-DIR-2026-09	APPROVED
